

Members of the Legislature.
We are under obligations to Mr. Rick for the following table of members elect of the Legislature. It will be seen that he places LYMAN, of the Senate, and WILLIAMSON, of the House, in the Free Soil list, we suppose because they were nominated by the Free Soilers. We put them in the Whig column because they were nominated and elected by Whigs. We think their votes will show them Whigs on all questions of State policy.—State Journal.

COUNTERFEIT \$50'S.

The Bankers, Brokers and Merchants of St. Louis were thrown into great excitement yesterday, by the discovery of a large amount of counterfeit \$50 bills on the Bank of the State of Missouri. The following is a description of the counterfeit, as furnished by Mr. Hughes, the present President of the Bank: "Counterfeit \$50—Bank of the State of Missouri; general appearance good. On examination the engraving will be found to be much coarser than the genuine, especially the drapery of the female figure. Signatures of the President and Cashier very well done. The counterfeiters are signed by John Smith, President. In the Jno. the no are written out distinct—in the genuine no runs together. In the counterfeit signed R. Campbell, President, there is a slight flourish at the termination of the first stroke of the R, not in the genuine."
The officers of the bank pronounce the counterfeit well executed. Neither Mr. Smith nor Mr. Campbell succeeded correctly in pointing out the counterfeit, when presented with genuine. Mr. Shurlds, Cashier, gives it up, that he cannot detect the counterfeit and genuine of his own signature, in all cases. From these facts, it is obvious that the greatest caution will be necessary with those who handle the \$50 notes of the Bank.
The notes appear to have originated in California. Recently Mr. John S. McCune received \$3,500 from a son in California, in \$50 bills, and deposited the money in Bank, of which \$2,800 proved to be counterfeit. No suspicion was excited at the time of deposit, and \$2,000 of the counterfeiters were paid out to Messrs. E. W. Clark & Brothers, Bankers, who discovered the fraud only after their attention was called to the subject of the counterfeit.
In the counterfeiters shown us, we thought the paper appeared a shade lighter than the genuine, but this appearance may be because they have been handled but little. In other respects, there was no perceptible difference, except that noted in the description obtained at the Bank.—St. Louis Union, Oct. 18.

The fifty dollar counterfeit upon the State Bank of Missouri, says the Republican of the 19th inst., are probably in circulation in Illinois. The extent of the mischief is only partially known. The counterfeiters are so perfect, that it requires a practical eye to detect them, and it is advised as the only sure way to avoid loss, to refuse the fifty dollar notes altogether. A Banking House in St. Louis on the 18th, received \$500 from the East in these counterfeit notes.

CONSTITUTIONAL CONVENTION.—The Convention adjourned to meet in this city in December next. The committee appointed to make arrangements for the accommodation of the body, have secured for the use of the Convention, the large Hall in the Cincinnati College, and will fit it up for the convenient use of that body.
The well supplied and extensive Reading Rooms of the Young Men's Association, with their extensive Library on the same floor of the College Building, have been opened for the use of the members of the Convention, and will be very useful and convenient. For this act of liberality, the Association deserves great credit.—Cin. Gaz.

THE SHOR MANIA.—Our readers will remember the case of a young man in Brooklyn, the son of a clergyman, who was arrested for stealing a lady's shoe, and who was discharged on his father's testimony that the act was the result of the mania with which he had been afflicted from childhood. This same man (a married man at that) recently attacked a well dressed lady in Detroit, threw her down, and took off her left shoe. Afterwards he changed his mind, and took off the right one and made off with it, doing no further injury.
ROGERS' COMPOUND SYRUP OF LIVERWORT AND TAR.—Among all the medicines extant, there is probably no one so justly deserving the confidence of the public as this, as a safe and certain cure for consumption of the lungs, spitting of blood, coughs, colds, asthma, pain in the side, bronchitis, whooping cough, and all pulmonary affections. Numerous certificates are in the hands of the agents, showing in the most satisfactory manner the surprising effects of this Syrup where it has been used. It is for sale in nearly every township in this country. See advertisement in another column. Oct 24.

Dr. Guyssot's Yellow Dock and Sarsaparilla.
For the cure of diseases, or as a spring purifier of the blood, and as a general tonic for the system, is unrivalled.
The curative powers of this extract are truly wonderful, and all invalids should make immediate trial of the "Yellow Dock and Sarsaparilla." It cannot injure the most delicate patient.
SCROFULA.—It has been remarked by eminent men, that in the varied catalogue of diseases to which man is liable, there is scarcely one of such importance and of such interest as scrofula, whether we look to the obscurity of its origin, its insidious progress, the number and variety of organs that it attacks, or its remarkable incurability and extensive fatality. Scrofula has baffled the skill of the most eminent Physicians in this country and in Europe. But there is an antidote for this disease in "Dr. Guyssot's Extract of Yellow Dock and Sarsaparilla," which is proving itself a perfect Specific in the most severe cases of Scrofula. See Advertisement. Oct 17.

MARRIED.—On the 24th inst., by the Rev. Levi W. Munsell, Mr. ISAAC WILCOX to Miss SAMARIA E. RALPH, both of Morgan township.

In this town, on the 24th, by the same, Mr. CHARLES T. WILSON, of Mason county, Va., to Miss MARY E. HEARN, of this county.
In addition, on the 23d inst., by S. B. Rathburn, Esq., Mr. JAMES MYLER to Miss NANCY JONES.

DIED.—In Logan, Illinois, on the 1st inst., of flux, ELIZABETH HERN, son of Allison Hern, of this place, in the 23d year of his age.
MRS. JOPLING'S SELECT SCHOOL FOR YOUNG LADIES.
THE present and sixth term of this School will expire on the last Monday in November, at which time the winter session will commence.
Mrs. JOPLING, grateful for the very liberal patronage heretofore received, hopes, by her continued endeavors to please, to merit a share of the public patronage, and the confidence and support of her former patrons. Prices the same as heretofore, viz: \$2.00 for the Elementary classes, and \$3.00 for the higher English branches.
Mrs. J. would take this method of informing her patrons that instruction will for the future be given in the French language, and the Fancy and Ornamental branches free of any additional charge.
As Mrs. JOPLING can accommodate some two, three or more young ladies, besides those already engaged, she would like to receive such into her family as boarders and pupils, for which a moderate charge will be made, and country produce of any kind will be taken in exchange for board or tuition.
DALINDA P. JOPLING.

\$1000 REWARD.
IS offered to any person who will produce one-fourth the amount of real certificates of positive cases in cases of Consumption or diseased lungs, as Dr. Rogers' Leveaux and Tax, has made in this city or any other place where it has been introduced. Although it has not been puffed in the city papers, in editorial form, by the Proprietor, for the sole purpose of gain, [as some medicines are without regard to the worth], yet the demand has been enormous. In the city of Dayton alone, where this medicine has not been advertised to the amount of ten dollars, we received an order from Messrs. E. L. Claflin & Co., to the amount of one thousand bottles. And this too, in the summer season, when there is comparatively little or no demand for medicine of this character.
STATEMENT OF DR. HIRAM COX.
Late Professor in the Cincinnati Eclectic Medical College, and a physician well known, who has an extensive practice, in relation to the cure of Miss Bell, after having been given up to die with the last stage of consumption by a number of able physicians.
Mr. A. L. Scoville, however, reluctant I have been to permit my name to appear, attached to a certificate recommending Patent Medicines. Nostriums or Cathartics, I nevertheless think it my duty, not only to my patients, but to the community, and all afflicted with diseases requiring cough medicines, to state that in three particular cases of incipient Consumption, viz: Miss Bell, step daughter of Mr. John Carr of this city, a Miss Barger, sister-in-law of Mr. V. W. Weller, butch and Mr. R. K. Cox, one of our city council, that Dr. Rogers' Compound Syrup of Liverwort and Tar operated more like a specific, than any remedy of a similar character in its operation, that I have ever used in my practice. One of the cases above, viz: Miss Bell, appeared to be laboring under the last stage of Scrophulous Consumption, as pronounced by several physicians who were in attendance previous to my being called to treat her case. She is at this time in the enjoyment of apparently good health, and her countenance, as likely to die with any other disease, as any other young lady of this city. As it respects the health of the other two cases, all the threatening pulmonary symptoms seem to have subsided, from the use of a few bottles of the Syrup above. Very respectfully, &c.,
HIRAM COX, M. D.

DR. GUYSSOT'S
Extract of Yellow Dock and Sarsaparilla.
DR. GUYSSOT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA, put up in the largest sized bottles, contains more of the purest and most valuable ingredients than any other preparation extant which is chemically combined with the Extract of Yellow Dock, the Extract of Wild Cherry, and the Balsam of Fir, thus making the remedy more thoroughly efficient than any other Sarsaparilla before the public. At the same time it is perfectly free from all mineral poisons, which cannot be said of any other of the Sarsaparilla compounds. The invalid should beware of poisonous Mercury, Iron, Quinine, Potash, Soda, Saltpetre, Arsenic, and many other mineral and metallic poisons enter into and form the active basis of most of the Sarsaparilla and Panscola of the day. Guyssot's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances, as any one can easily ascertain by applying the necessary tests.
These poisons may occasionally remove disease, but they so vitiate the blood, and so completely impregnate the whole system with their baneful effects, that the first cold, or the first attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating torture, and renders another cure almost impossible and hopeless. Let all who possess Sarsaparilla, be careful to ascertain that it is Guyssot's Improved Extract of Yellow Dock and Sarsaparilla, which is thoroughly efficacious, perfectly harmless, and purely vegetable. All kinds of disease yields to its genial influence.

A Case of Ulcerated Limb of sixteen years standing.
The following is an extract of a letter, dated March 27, 1850, from E. B. Perkins, M. D., a highly respectable physician of Marietta, Ohio: "JOHN YANK—Dear Sir: I have under my care a young woman with a sixteen years, and been suffering from Ulcerated Limb, and whose case has been pronounced hopeless by three of our best physicians. I took her into my family, and have used Guyssot's Yellow Dock and Sarsaparilla, and an ointment of the Yellow Dock and Sarsaparilla will effect a permanent cure. She is better in general health than she has ever been before, and walks a mile or two without fatigue or pain.—A year ago she used crutches. I will report the case in due time."
* Very respectfully,
E. B. PERKINS.

An Extraordinary cure of Quick Consumption.
Youngville, Warren Co., Pa., July 1st, 1850.
Messrs. S. F. BENNETT & Co.—Gents: I wish to express my thanks to you for the great benefit your Extract of Yellow Dock and Sarsaparilla has been to my wife, who was afflicted with a violent attack of Erysipelas in March last, which left her with a violent cough, hectic fever, and severe night sweats. Our physicians despaired of her recovery and stopped prescribing for her, pronounced her incurable, and said she could not live but a very few days. We all despaired of her recovery, and did not expect her to live from one day to another. Her life was reduced to the lowest ebb. She was completely emaciated and perfectly helpless. At this critical time, we saw your advertisement in the Pittsburgh Gazette, and immediately sent to you agent, in Franklin, for three bottles, which she commenced taking, and in a few days she began to mend, and continues to do so to this time. She is now able to attend to her household affairs, and is perfectly well, though not as strong, as she was before she was sick.
There are a great many of our citizens, that are very anxious to try your valuable article, and as it is fifty miles to your nearest agency, I think it would be of an advantage to you, and a great blessing to the afflicted, to establish an agency here.
Please accept our thanks and gratitude for the restored health of our dear mother.
Your obedient servant,
TRUMAN A. HALL.

The best female medicine known. The Extract of Yellow Dock and Sarsaparilla is a positive, speedy, and permanent cure for all complaints incident to FEMALES.
Its mild, alterative properties render it peculiarly applicable to the slender and delicate constitution of the female sex. It is unrivalled in its effects upon such diseases as incipient consumption, barrenness, leucorrhoea, or white, irregular menstruation, incontinence of urine, and general prostration of the system. It immediately counteracts that distressing nervousness and leucorrhoea, which so often attend every other kind of medicine, to the female frame, and imparts an energy and buoyancy as surprising as they are grateful. We have evidence on file which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

PAULATINE UTERI, or Falling of the Womb, of five years' standing, cured by Dr. Guyssot's Extract of Yellow Dock and Sarsaparilla, after every other known remedy has been tried without relief.
